About Us

FROM EMPTY SEATS TO UNFORGETTABLE ADVENTURES

On behalf of the team at Kids Up Front Edmonton and the Board of Directors, we are so excited to announce the launch of our inaugural Drive for Change Charity Golf Tournament in June!

Kids Up Front's mission is to create joy, promote inclusion, and strengthen communities by connecting children and families to enriching experiences. Exposure to the arts, cultural events, sport and recreation, and educational and experiential programs is a fundamental need that we are helping to deliver to children and their families in our community.

Through our programming and our partnerships with over 125 agencies and charitable organizations, we are supporting kids and youth who struggle with mental health, social or economic barriers, are new to Canada, and are battling life-threatening illnesses or living with a disability. The need in our community is at levels never before seen. We are developing more programs and bringing new opportunities to connect kids with the community around them in an effort to meet this need, but to successfully implement these programs, we require your support!

Your participation – be it as a sponsor or golfer – goes a very long way in helping Kids Up Front help those who need it most. We hope you will join us, and, more importantly, we look forward to adding you to the growing Kids Up Front family!

Sincerely,

Paul Rogers and Jenna Vivian

- Activation on the hole

\$1,500 each

OUR IMPACT

“

On behalf of me and my son, we would like to thank you with much gratitude for your donation. My son is a big fan of hockey and we were able to attend king oil vs bronco game on March 4th at Rogers place. It was a first-time attendance for me, 20 years in Edmonton! We were amazed by the game and the feelings in the air, the big screen ... We loved the game... Now I can proudly say that I went to a hockey game as all other Canadian!" Multicultural Family Resource Society

Thank You kids upfront.
I was able to go to see a great game with my grandma
whom I haven't spoken too in awhile and had an
amazing time! It meant a lot to me and hope you
continue to help others enjoying fun activities!
Z* Go Oilers ☺

“

Afterwards I told my daughter that the arts elevates us by removing us from our daily stresses. She was too busy singing in the car, dreaming about her future on the stage. It occurred to me that kids can only dream about being on the stage if they have experienced the theatre. Seeds are planted by experiences in our youth that fuel ambition and direction. Without the generosity of the donors who gave us their tickets, we would never have attended the show or sat so close to the stage. I am thankful for the kindness of people in our community. Last night my 14 year old experienced something unique to her own personal experience, the Greeks called it catharsis. Introducing kids to the arts (and sports) provides the seeds of change that can only come from experience. If you have tickets for an event that you cannot attend, contact Kids Up Front. Your kindness might change a life forever!

Thank You

With your help, our impactful programming and experiences can reach more kids than ever before. Your support goes a long way in ensuring that kids and youth facing barriers have access to the cultural wealth of our great city.

Help us ensure ALL kids can have a seat in the crowd!
