

Using the Mobile and iPad Apps (Player Instructions) Step by Step Guide

Note: This guide can be printed or viewed on your computer. While printing the guide may be easier for viewing.

Individual stroke play tournaments are the standard for competitive professional and amateur golf to

One of our most valuable features is the mobile and iPad App. This app's primary purpose is to allow live scoring and players to enter hole-by-hole scores on the golf course and view the live leaderboard.

Downloading the Mobile App:

Players can search in the app store for the free app by entering "Golf Genius."

The app is currently available for the iPhone (Apple iOS 9 or higher), Android (Android 4.4 or higher), and the iPad.

Signing into the Mobile App:

There are two ways for a player to sign in to the mobile app:

- **GGID:** The event manager will provide a GGID.
- **Email and Password:** Players registered by the event manager to our system can enter their email and password instead of a GGID. You will see a list of all the events and leagues you have access to when doing so.

Spectators and other non-players can also sign into the mobile app with an Event/League GGID to view the leaderboard but not enter scores.

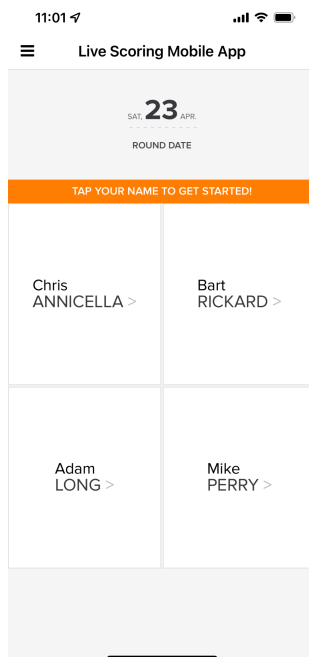

When opening the app, sign in with your email/password or GGID.

A screenshot of the Golf Genius mobile app's sign-in interface. At the top, a status bar shows "Verizon", signal strength, time "9:01 PM", and battery level. Below the status bar is the Golf Genius logo, which consists of a red circle with "TM" in white, flanked by two curved grey lines. Underneath the logo is the text "SIGN IN USING". Below this text are two input fields: the first is labeled "GGID" in orange text and has an orange underline; the second is labeled "Email & Password" in grey text and has a grey underline. Between these two fields is the word "or". Below the input fields is a small person icon followed by the text "GGID" and a grey underline. At the bottom of the screen is a grey rectangular button with the text "SIGN IN" in white.

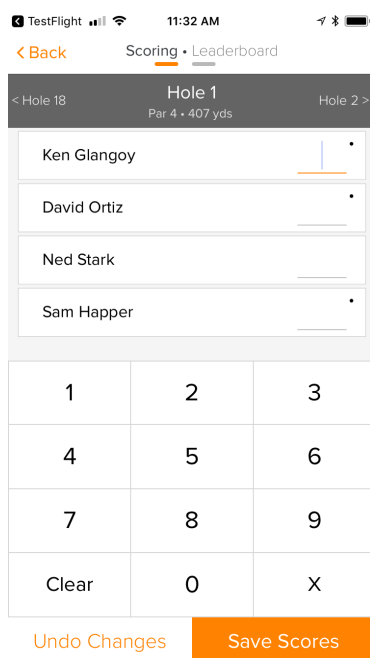

Using the Mobile App with GGID:

If signing in using the GGID, click on your name to confirm who you are.

1. Score Entry:

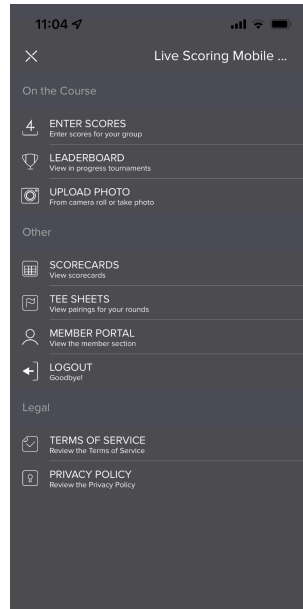

You will then be directed to the score entry page for your pairing group.

As scores are being entered, you can view the live leaderboard for all the tournaments set up within a round.

Using the Mobile App with Email/Password:

If signing in with an email/password instead, you are brought to the app home page where you will have various options to choose from: Enter Scores, Leaderboard, Upload Photo, Scorecards, Tee Sheets, and Member Portal.

1. Enter Scores:

This is where you will go to enter hole-by-hole scores.

Undo Changes Save Scores

Enter each team or player's score, then click "Save Scores." You will then be directed to the next hole. You can also clear scores for a hole and undo any changes that you've made. If a player or team does not finish a hole, click "X" or click "X" + the most likely score if they did finish (e.g., X7 will count as 7 strokes for score posting purpose).

2. Leaderboards:

The leaderboard can be accessed from the score entry page or the home page on the mobile app.
