## Testimonial

REBOUND has taught me about how to recognize limits and how to abide by them. I can also use Resilience throughout my life, because no matter where I fall at or make a mistake, then I will always be able to bounce back and try again, but with something different. Thank you Mr. Harris.

REBOUND helped me in a great positive way by helping me realize that I don't have to live the life I've been, and I can be a better person than before.

*"I appeal to you therefore, brothers, by the mercies of God to present your bodies as a living sacrifice, holy and acceptable to God, which is your spiritual worship. Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect"*

*Romans 12: 1-2*

# About Us

Rebound Ministries, Inc. is a mentor training program for at-risk youth. We motivate and encourage young men to know they can rebound from the challenges faced and choices made in life and become productive citizens in this fast-paced and peer-pressured society. They are taught life skills along with technical skills which increases their percentages of being successful.

Our program includes a 7-week, faith-based curriculum. Upon completion, students will graduate, attend a reception, and receive a certificate of completion. At that time, they are also connected to resources and services to help them stay on track and become responsible and valued members of their communities.

# Mission Statement

Our mission is to invest in the lives of at-risk youth throughout the nation to proactively influence their future towards positivity and individual growth. Our focus is to mentor and restore those individuals who have lost their way, through the implementation of Biblical principles, founded on the premise of "RESTORATION OF THE LOST"

The ultimate goal is to help our young people rebound and reenter society in a productive and positive manner.

# What We Do

## Educate

We help at-risk youth recognize their talents and abilities and learn life skills, while equipping them with the fundamental teaching and core principles of R.E.B.O.U.N.D., mainly resilience, meaning the ability to bounce back from adversity.

## Mentor

We mentor young men at all stages of their life. While many of them are in the system, our program participants are challenged to focus on reentering society in a productive manner, through a life changing process, having been "transformed by the renewing of the mind".  
Romans 12:2

## Sports

We have seen firsthand that sports can teach a lifetime of lessons. Through mastering a particular skill, making a bad play, or losing a game, these young men learn about resiliency in life, regrouping, and not giving up. Through various summer camps, we capitalize on using sports to teach empowering and vital life skills.
