RSVP Programs

RSVP improves lives of vulnerable populations in the local community by focusing on education and wellness.

Family Literacy

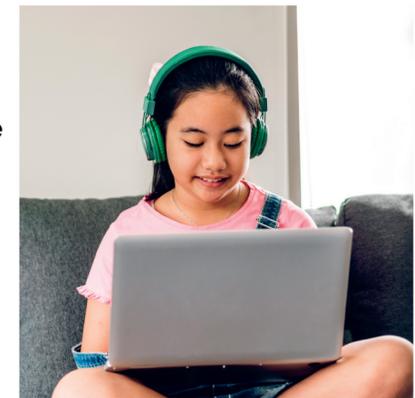

Volunteers read aloud to Head Start preschoolers to excite students about reading and expose them to letters, colors, sounds and storytelling.

Books are gifted to students several times a year ensuring that each child will have a book to call their own along with reading tips for parents to promote reading at home.

Visit to learn more: www.rsvpmc.org/family-literacy

Virtual Literacy

Volunteers work with 1st - 5th grade students via Zoom sessions to enhance reading skills. Students read grade-level books to volunteer reading coaches and then discuss the storyline. Student progress is tracked with feedback going to teachers.

Visit to learn more: www.rsvpmc.org/virtual-literacy

RSVP Programs

RSVP improves lives of vulnerable populations in the local community by focusing on education and wellness.

Elementary Literacy

Reading coaches encourage K–5th grade students who are struggling with reading and comprehension. These individual sessions enable the volunteer to focus on the student and his/her unique needs, eliminating the fear many students have of reading aloud in front of the classroom.

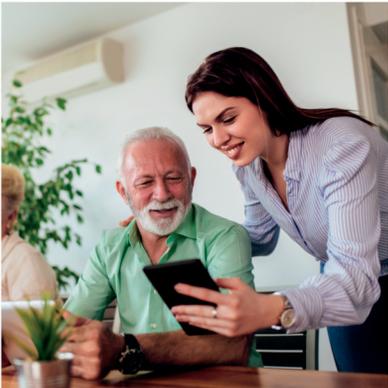

Visit to learn more: www.rsvpmc.org/elementary-literacy

Digital Literacy Training

To address the isolation and lack of access felt by many adults, this program provides technology training to use Zoom, the internet, social media sites, email, smartphones, and more.

Adults select the device they would like training on: a computer, tablet, or smartphone. In some cases, a tablet will be provided for low-income seniors.
