Established in 2012 as the Gord Laurie Foundation to enhance community life, build partnerships, and foster growth, we have evolved into the Give One Legacy Foundation after a decade of successful fundraising.

Inspired by the Tanzanian proverb "*little by little, a little becomes a lot,*" we aim to make giving easier. Whether donating money for tax benefits, fulfilling corporate social responsibility, paying forward past support, or leaving a legacy, everyone can contribute.

We encourage giving 1 percent of your time, wages, or talents to help those in need within our community.
